

# Online Store Update

February 2016

Grid Solutions Online Store User,

We are pleased to share some recent updates and enhancements made to the Online Store early in 2016.

## Reorder

You now have the capability of placing duplicate orders without the need to reselect the customer and add each line item. From *Order History* you can recall a previously placed order and reorder it.

## Catalog Number Search

Improvements to the universal search at the top of the page now allow you to search based on catalog number.

## Order Status Improvement

Updates to order status now give a more accurate status when order lines have mixed statuses.
