EXTERNAL USER

LOGIN INSTRUCTIONS

<https://qa-store.gedigitalenergy.com/Atlantis/AtlHome.aspx>

Welcome to ATLANTIS, a Grid Solutions Power Transmission tool used for loose parts & kits lookup through drawing navigation.

This instructional guide will show external users how to manage the initial ATLANTIS login process.

PRE-REGISTERED USER

If you have received an email asking you to reset your password, this means that you were included on specific list of users who have a pre-registered login and password. This is likely because you have used Sparks in the past or have shared you contact information with a contact from GE Vernova. Please see the email below for reference.

SUBJECT: Your request for GE Grid Solutions Online Store

webteam.pm@ge.com

to me

Apr 28, 2025, 10:02AM

Hello, A request was made to the GE Grid Solutions Online Store in order to reset the password for username: USERNAME To reset your password please go to link below: <https://qa-store.gedigitalenergy.com/Account/ResetPassword.aspx?k=Ljh7UgyZexbwJfn1wP12TeZa2GLEu0WaR8TSsVg43V6UEf6iw> This link is active for 48hrs only. PRE-REGISTERED USER

Upon a successful password change, you will get a confirmation message, and a link that will direct you to the Homepage show below.

If you see "Log In / Register" you will need to login again with your username and newly created password.

You can confirm the login is successful if you see your name at the top left corner of the page, and the login button changes to "Logout".

This image displayed above is a general homepage. To find the Atlantis homepage, navigate under "HV Parts & Services" then "Loose Parts Lookup (Atlantis)". You will see the welcome message at the top of the page.

PRE-REGISTERED USER

The screenshot shows the top navigation bar of the GE Vernova website. The navigation items are: Critical Communications, Protection & Control, Substation Automation, Monitoring & Diagnostics, Power Delivery, Power Sensing, HV Parts & Services (highlighted in green), and Training Center. A dropdown menu for 'HV Parts & Services' is open, showing 'AIS/GIS', 'Loose Parts Lookup (Atlantis)', and 'Power Transformer'. A green box highlights the 'Loose Parts Lookup (Atlantis)' option. Below the navigation is a dark green banner with the text 'Price Change Notice: Effective January, 2025 for Grid Automation'. The main banner features the slogan 'Real. Smart. Solutions.' and the tagline 'End-to-end vision, technology and expertise to build a smarter grid. Today.' Below this are four service area cards: Residential & Commercial, Industrial, Transmission & Distribution, and Power Generation.

You can begin navigating from the below page.

The screenshot shows the landing page of the GE Vernova Atlantis app. At the top left is the GE Vernova logo. To the right is a search bar with a magnifying glass icon and a '0' in a cart icon. Further right are 'Logout', 'Support', and 'Contact Sales' buttons. On the far right, contact information is listed: 1.877.605.6777, +678.844.6777, and Grid Solutions. Below this is a navigation bar with the same menu items as the website. A 'Start Navigating' button is on the right. The main content area has a green header: 'Welcome to...ATLANTIS...a Services app from GE Vernova – Electrification – Grid Solutions – Power Transmission'. Below this is a paragraph about the app's purpose and a list of supported legacy brands. A row of eight images shows various power equipment. Below the images is a 'FLASH NEWS' section with three items. At the bottom are two sections: 'FIRST LOGIN' and 'RESOURCE', each with links for internal and external users.

Start Navigating

Welcome to...ATLANTIS...a Services app from GE Vernova – Electrification – Grid Solutions – Power Transmission

Our Customers require an optimal spare parts management to maintain and repair during planned and unexpected outages ... and with this app, we offer you the opportunity to lookup loose parts or kits - through navigation by drawings or by a tree structure or through a search bar - to facilitate the identification of parts or kits and then to simplify the order process.

It applies to air-insulated switchgear, gas-insulated substations, power transformers from GE legacy brands including Alstom, Areva, Alstom, GEC Alstom, AEG, Sprecher+Schuh, Sprecher Energy, Scorch and Ceglec.
