## HAND-RESET AUXILIARY RELAYS

### TYPE HEA

This instruction book, GEK-99348 together with GEH-2058, forms the instructions for the HEA99BE, HEA99BF, and HEA99BG relays.

The above relays are similar to the HEA61A, HEA61B, HEA61C relays, with the exception that the 125 VDC relays have 9.0 ohm tripping coils and the 250 VDC relays have 23.0 ohm tripping coils.

*These instructions do not purport to cover all details or variations in equipment nor provide for every possible contingency to be met in connection with installation, operation or maintenance. Should further information be desired or should particular problems arise which are not covered sufficiently for the purchaser's purposes, the matter should be referred to the General Electric Company.*

*To the extent required the products described herein meet applicable ANSI, IEEE and NEMA standards; but no such assurance is given with respect to local codes and ordinances because they vary greatly.*
