## GROUND DIRECTIONAL OVERCURRENT RELAY

### TYPE IBCG MODEL 12IBCG99C001A

These instruction books, GEK-100581 plus GEK-49822, form the instructions for model 12IBCG99C001A relays.

The 12IBCG99C001A relay is the same as the 12IBCG51M1A except that the potential polarizing circuit is rated 208 volts.

*These instructions do not purport to cover all details or variations in equipment nor provide for every possible contingency to be met in connection with installation, operation or maintenance. Should further information be desired or should particular problems arise which are not covered sufficiently for the purchaser's purposes, the matter should be referred to the General Electric Company.*

*To the extent required the products described herein meet applicable ANSI, IEEE and NEMA standards; but no such assurance is given with respect to local codes and ordinances because they vary greatly.*
